

Andrew Bertagnolli, PhD
National Director Virtual Behavioral Health Services – One Medical
Associate Professor – Alliant International University

Dr. Andrew Bertagnolli is a licensed clinical psychologist and National Clinical Director of Behavioral Health Services at One Medical, where he is responsible for designing and developing new virtual programs and services to support members achieving and sustaining their mental health and wellness. In addition, Dr. Bertagnolli is an Associate Professor at Alliant International University, where he provides instruction in cognitive-behavioral therapy on both basic and advanced topics and clinical and ethical issues in an integrated health practice.

He has more than 25 years of health care experience and a strong background in healthcare operations, quality measurement and process improvement in the areas of behavioral health, suicide prevention, peer support, digital behavioral health, social determinants of health, evidence based psychotherapy practice and pain management.

Dr. Bertagnolli holds a B.A. from Vanderbilt University, an M.A. and Ph.D. from California School of Professional Psychology-San Francisco Bay Campus. He completed his training at University of New Mexico Health Sciences Center and Kaiser Permanente San Francisco.

Dr. Bertagnolli is currently on the Board of Directors of the National Alliance on Mental Illness – California, the Executive Committee of the National Action Alliance for Suicide Prevention and the Academic Training & Education Standards Committee of the Association of Behavioral & Cognitive Therapies.

Dr. Bertagnolli has presented and published on various topics around the world, including chronic pain management, depression, suicide prevention, digital behavioral health, cognitive-behavioral therapy outcomes-based measurement in behavioral health and integrated healthcare.
